The required Driving Skills Road Test includes **Pre-Trip**, **Basic Control Skill** (Maneuvers) and **Driving Skill** tests in a commercial motor vehicle as well as any tests needed to add or remove endorsements/restrictions on your driver license record (see below). This applies to first-time CDL applicants and anyone who is upgrading to a higher CDL class. (Our office does not process [Hazmat applications](#).)

IMPORTANT! Before taking skills testing or dropping Airbrakes, **you are required to obtain a temporary operational permit and hold it for 14 business days before** you are permitted to complete any skills testing. In order to obtain the permit, you must pass all required written exams for the applicable class and any endorsements. You must also self-certify your driving status and provide a current medical certification card, if required by your selected status. Please visit <http://www.flhsmv.gov/ddl/cdlmedicalcert.html> for more information.

Road Skill Tests are required for every commercial license class as follows. (You must be prepared to take the test in the appropriate type of vehicle.)

<p>Class A: <u>Combination</u> vehicle 26,001 lbs GVWR or more towing a trailer 10,000 lbs GVWR or more</p>	<p>Class B: <u>Single vehicle</u> 26,001 lbs GVWR or more</p>	<p>Class C: <u>Single vehicle</u> 26,000 lbs GVWR or less that requires a Passenger or Hazmat Endorsement</p>

Pre-Trip, Basic Control Skill (Maneuvers), and the Driving Skills Road Test are required for first-time CDL issuances, upgrades, and when adding or removing endorsements/restrictions.

For more information, consult the CDL Driver handbook by visiting <http://www.flhsmv.gov/resources/>.

A Road Skill Test is required for the following endorsements. If interested in adding one or both of these endorsements, you must be prepared to take the test in the appropriate type of vehicle.

- **Passenger (P)** - written exam must have already been completed and passed
- **School Bus (S)** - written exam must have already been completed and passed

If you take the Road Skill Test in a commercial vehicle **not equipped with air brakes** or that is **not a tractor trailer**, one or both of the following restrictions will be added to your license. If you do not want these restrictions added, you must be prepared to take the test in the appropriate type of vehicle.

- **No Air Brakes (1)** - written exam is required
- **No Tractor Trailers (5)**

Once you have passed all driving skills testing, an appointment is required to return to our Driver License Office (DLO) and apply for a CDL license. Visit taxcollector.com. Every applicant must complete a [Driver License application](#).
